

To all Hart School parents,

The Hart school have asked that we pass on some information regarding transition for your children.

All parents are asked to access The Hart School website to access parent information packs and transition forms. Also on the website are three letters that need to be read and signed and returned to the school ready for September. Instructions on how to complete these are available from a dedicated drop down box on the web site.

For those families who do not have internet access, some hard copies of the parent packs are in The Croft reception area to be collected if necessary.

Thank you

Mr Hughes.
