These choices can be adapted to suit the needs and preferences of the children. Should your child have any special dietary requirements please inform a member of staff.

The Out of Hours Club operates from the school hall, the computer room, on occasions the reception classrooms and outside areas when weather permits, with a maximum of 32 children attending at any one time. There are currently 73 children aged from four to eleven years enrolled at the club. We provide a safe, healthy and happy environment for your children.

We continue to work on a ratio of 1:8 (one adult to every 8 children) to ensure that we provide a high quality of care for the children.

The children experience a range of planned and child choice activities, both indoors and outdoors. This allows the children to explore and socialise in groups according to their likes, interests and needs and they are also taught the importance of sharing and taking turns. The children are encouraged and given the opportunity to join in all activities, group and team games e.g. netball, football, dodge ball etc. and also to share and take turns. Indoor activities include construction, arts & crafts, small world play, role play, jigsaws, puzzles etc.

We are an equal opportunities club and we ensure that all the children regardless of age, gender, ability, religion etc.. have access to all the equipment and activities. At the club the children also have the opportunity to learn and to appreciate other cultures, religions and beliefs by celebrating different festivals throughout the year. We do this through planned activities, group discussions and through a variety of different resources.

We work extremely closely with the school and all the Out of hours staff are aware of and adhere to the schools Health and Safety and Safeguarding children's policies and procedures at all times along with all the other school policies and procedures.

Parents and children's views and suggestions are greatly valued and taken into consideration. This allows us provide the best possible care for both you and your children.

To make an enquiry and/or to book a place at the Out of Hours Club, either call the school office or speak to a member of the club team.
