

The Croft Primary School

Compliments, Comments and Complaints Procedure 2024-25

Overview

At The Croft Primary School we would like to hear from you if you:

- Are happy with our services and would like to compliment the staff and its pupils
- Have any suggestions on how we can improve the quality of provision
- Have a complaint or concern

From 1 September 2002 Governing Bodies of all maintained schools in England are required to have in place a procedure to deal with complaints relating to the school and to any community facilities or services that the school provides.

At The Croft we are committed to dealing with all complaints fairly and impartially, and to providing a high quality service to those who complain. We will not normally limit the contact complaints have with the school. However, we do not expect our staff to tolerate unacceptable behaviour and will take action to protect staff from behaviour which may be abusive, offensive or threatening.

This policy is intended to allow you to raise a compliment, concern or complaint relating to the school.

Key Messages

1. The school maintains an open door policy and actively encourages two-way communication between parents, the community and the school. For the benefit of the child it is important that both parties raise any concerns at the earliest stage to try and ensure that there is no adverse effect on the child.
2. Wherever possible, it is in the interest of all parties, the child, the parent, the complainant and the school to try and resolve any issues without the need for formal procedures. In most cases the class teacher will be the first person a parent should speak to as they will most likely be able to resolve the issue.
3. The school recognises that anyone can make a complaint about any provision of services or facilities that The Croft provides but typically the majority of complaints are made by parents and carers of pupils.
The school wishes to reassure anyone making a complaint that it will be dealt with under the procedures outlined in this policy.

4. The formal approach will need to be invoked when initial attempts to resolve the issue are unsuccessful and the person raising the concern remains dissatisfied and wishes to take the matter further.

5. We are aware that complaints need to be considered and resolved as quickly and efficiently as possible. To enable a proper investigation, concerns or complaints should be brought to the attention of school as soon as possible. We will always strive to ensure that our procedure for dealing with complaints contains effective time limits. We would like to reassure our parents and anyone who raises a complaint that we take all complaints seriously and they are given full and proper consideration. Please be aware that the School reserves the right not to review a complaint made by a complainant that has not been brought to the attention of the school within three months of the alleged incident occurring. However, the School will consider any complaint outside of that timescale in certain circumstances.

6. An anonymous concern or complaint will not be investigated under this procedure, unless there are exceptional circumstances.

7. When things go well at the school, it is very helpful that parents express their approval. This helps maintain high levels of staff commitment and motivation which are essential to the provision of an outstanding educational experience. You can write, telephone email or speak to staff personally.

Serial, Persistent and Vexatious Complaints

There may be some occasions where the complainant, despite having followed the complaints procedure remains dissatisfied. If a complainant tries to reopen the same issue/complaint the school can inform them that the procedure has been completed and that the matter is now closed.

If the complainant continues to contact the school on the same issue then the school's Persistent & Vexatious Complaints Policy will be invoked.

If a parent/complainant wishes to raise a complaint with the school they should do so within 3 months.

The Role of the Secretary of State for Education/ School Complaints Unit

- If the complainant is dissatisfied with the committee's decision they can raise the matter with the Department for Education.
- Parents do not have a general right of appeal should they disagree with the governor's decision. They may raise the matter with the County Council's Education Service or DFE.
- However, they will only investigate further if the Governing Body failed to act in accordance with it's under education law
- If the governors have followed the complaint reasonably, the Secretary of State will not overturn a school's decision about a complaint except in exceptional circumstances where it is clear that the school has acted unlawfully or unreasonably.
