

All About

Mrs Hatton

I am very excited to have the opportunity to work with you all again, next year as I thoroughly enjoyed our time together in Autumn and Spring terms. Although you all know me well already, you may not know that I have been at The Croft for over 8 years and a teacher for over 10 year. I am the Mathematics co-ordinator and Key Stage 2 Co-ordinator.

Hobbies

I enjoy walking my two crazy dogs, Ollie and Frankie, and spending time with my friends and family

What I like about The Croft

I love working at The Croft because of our children, families and staff. Our philosophy is 'We Care' and this is special to me.

A message from me.....

I can't wait to see you all and hope you have a great summer holiday.
